MULTI-SPORT PRO SIGN

DISPLAY PLAYER · SIGN EDITION

Messages, schedules and video for LED signs

Rotating text, images and video on a school or venue sign, edited from a phone or tablet and dimmed with the sun.

Photo: the LED message sign at John F. Kennedy Middle School.

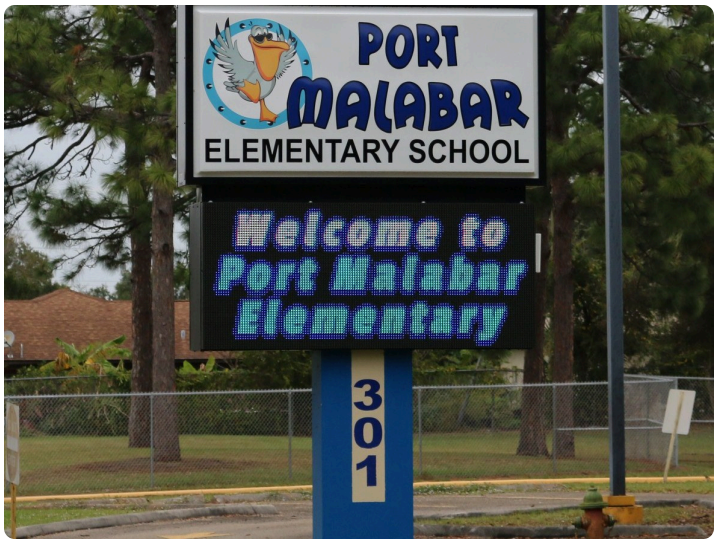

Photo: the LED message sign at Port Malabar Elementary School.

KEY FEATURES

Runs on the sign's own player

Sign builds run directly on a NovaStar Taurus player, or on a Mac. No PC at the sign.

Edit from a phone

The app's sign editor sets text and image pages, video clips, playlists, the schedule and brightness.

Dims with the sun

Sunrise and sunset brightness schedule, so the sign is bright by day and comfortable at night.

Weather on the sign

Temperature and conditions for the sign's ZIP code, from the National Weather Service.

WHAT YOU GET

- Display Player built for your sign's player
- The sign editor in the scoring app for iOS, Android and Windows

WHAT YOU NEED

- A NovaStar Taurus player driving the sign, or a Mac feeding the LED processor
- A network the phone or tablet can reach the sign's player on
- Internet at the sign for the weather line

MULTI-SPORT PRO SIGN

SPECIFICATIONS

SPORTS	None: a sign build carries no scoreboard.
CONSOLES	No console. Content from the scoring app's sign editor.
BOARD SIZE	Matched to the sign's pixel size.
VIDEO OUTPUTS	The Taurus player drives the sign directly; the Mac build uses a monitor output to the LED processor.
NOVASTAR	Runs on the NovaStar Taurus player itself (T40), or feeds a NovaStar processor from a Mac.
AUDIO	Not used on sign builds.
RUNS ON	NovaStar Taurus player (Android) or macOS.
NETWORK	The sign editor in the scoring app reaches the player over the network. Weather needs an internet connection.

TYPICAL SYSTEM

Mac option: a Mac runs Display Player and feeds the LED processor instead.

ORDERING

- Display Player Sign Edition, one sign
- Additional sign
- Remote support and updates (term)

CONTACT US FOR PRICING 321-747-3220 sales@olympianled.com

TO ORDER, SEND US

- Sign location, its pixel size (width × height) and the player model
- Your logo and colors
- The ZIP code for the weather line
